

CONSTRUCTION CODE AUTHORITY

Mechanical Contractors Please Note:

If any portion of any gas line will be covered up or concealed, an inspection of the installation with a pressure test is required (concealed work must be visually inspected prior to concealing). Examples: Underground lines, gas lines installed in or through rough framing that will be concealed.

Please fill out completely the affidavit below for the pressure test/gauge inspection. This affidavit can be left onsite for the inspector to pick up or e-mailed or faxed to our office for a complete final.
